

North American Pipe Corporation

North American Pipe Corporation, a Westlake Chemical company
2801 Post Oak Blvd., Suite 600 ■ Houston, Texas 77056
Tel 713.840.7473 ■ Fax 713.552.0087

November 12, 2018

To Whom It May Concern:

This provides notice that effective January 2, 2019 print lines on all pipe manufactured by North American Pipe Corporation and North American Specialty Products will state – “NAPCO Pipe and Fittings”. This statement will replace the “N” logo + “North American Pipe” and the “N” logo + “North American Specialty Products” in print lines on all pipe. Similarly, notifications on Royal Fittings will transition to this new statement vs. Royal Building Products or Royal Pipe and Fittings.

This change reflects our businesses new DBA – “NAPCO Pipe and Fittings”, effective January 2, 2019 and is being communicated to all certification agencies to assure our listings are up to date effective January 2, 2019.

Please update your records to include these new statements as soon as possible for both North American Pipe and North American Specialty Products to avoid any confusion on job sites in the new-year.

Sincerely,

Mark E. DaSilva
Director Product Management, Marketing and Development
